

Celebrating together at sea, on a luxury yacht

With TradeWinds, clients can honeymoon on the water, for a fraction of the cost of chartering a yacht. With a fleet of seaworthy yachts and catamarans sailing the British Virgin Islands, Belize, Greece and the South Pacific, a TradeWinds voyage has everything a couple needs. Clients can book a berth on a TradeWinds sailing and celebrate with other like-minded couples. TradeWinds has been around since 1998 and offers private and shared charters to guests from all over the world. The company's fleet of catamarans can access remote beaches and islands, adding an element of adventure and excitement not seen in most sailing trips.
